INTO THE SHOWROOM

Lo Studio AstoriDePontiAssociati, in occasione del MADE Expo, ha presentato l'installazione Mono L, primo appuntamento di una serie di iniziative Working Progress, per promuovere la cultura del progetto. Protagonista lo showroom milanese di Laminam: un parallelepipedo nero sorge dalla sabbiosa materia prima, rappresentando in modo ardito e visionario genesi non solo antropologiche e suggerendo punti di vista differenti. Working Progress coinvolgerà architetti, progettisti, stampa, studenti in un fitto calendario di installazioni temporanee che trasformeranno lo showroom Laminam in spazio aperto per riflessioni, aggiornamenti, laboratori di ricerca.

Giulia Bruno

In conjunction with MADE Expo, the AstoriDePontiAssociati studio presented the Mono L installation, the first of several Working Progress projects, with a view to promoting design culture. The emphasis was on the Laminam showroom in Milan, a black parallelepiped rising from the sandy raw material, boldly and visionarily representing anthropological and other origins and suggesting different points of view. Working Progress will involve architects, designers, journalists and students in a calendar crammed with temporary installations which are going to transform the Laminam showroom into an open-plan area for meditations, updates and research workshops.
